Mysore, ~~Bangalore,~~ 13th September 1897

From

H J BHABHA, ESQ,
Inspector General of Education in Mysore,

To

The Secretary to the Government of Mysore,
General and Revenue Departments

SIR

I have the honour to submit, for the sanction of Government from the State Funds, a list of new monthly grants-in-aid required from 1st July 1897 Every application has been most carefully enquired into, and thirteen of the schools for which new grants are recommended were personally inspected by me - The total amount required is Rs 339 monthly or Rs 4,068 yearly In the budget of 1896-7 a very moderate sum of Rs 816 was provided for new grants That is partly the reason why a comparatively large amount is required this year

2 A sum of Rs 20 a month is provided for a

(3)

Students' Home for the Tumkur High School and another of Rs 25 is provided for a Students' Home for the Hassan High School. The latter Home has been started from the beginning of the month. It is proposed to start the Tumkur Students' Home as soon as the grant is sanctioned. The principle on which the grant for a Students' Home is calculated is that the grant covers house rent if any and the wages of the absolutely necessary servants.

I have the honour to be,

Sir,

Your most obedient servant,

1/4	Rs 8	Rs 8	✓	The school was started in Dec 95 and is under the management of a committee. There is an aided mission Govt school here. The Hindu Govt school was opened owing to some difference between the mission and a few people of Bellary. The Dy Inspr points out that the population of the place is 1646 and a school where only secular instruction is imparted is required, the mission school being unpopular for imparting religious instruction chiefly.
19	7	7	✓	4/ The present cost of 9 Rs is for 2 teachers on 7 Rs and a peon on 2 Rs. Mr Redfern says that a considerable expenditure is required shortly on maps, books & furniture and the introduction of a new teacher is necessary.
20	7	7	✓	This school was opened some years ago because of the unsuitable space in the Girls school and also that girls might be attracted from another quarter of the town. It is intended that this school should be made an independent one from the beginning of 1897.

20	10	10	✓	The school was opened a year ago. Mr Redfern says that there is a "very good future" in the Pettah of Hole Narsipur and there must be a considerable expenditure then Rs on books & maps. The Dy reports about the progress, expenditure &c of the schools awarded.
35	15	15	✓	The people say that there is no guarantee that the subscriptions will continue and the same now come down to Rs 12 from Rs 35 a month. The ADI recommends a grant of Rs 15 as the school is in a flourishing condition.
30		7	✓	The Dy Inspr reports that Harobele is a long established Catholic Settlement containing about 105 houses and 472 people, the inhabitants being all Catholic Christians. The tuition given is free, and the Priest supplies the pupils with books &c at his own expense. The Priest points out that the villages containing Govt schools are far away from this place, there being the River Arkavathi across which overflows in the rainy season.

OFFICE OF
INSPECTOR GENERAL OF EDUCATION IN MYSORE

No 2395/69 Mysore, ~~Bangalore,~~ 13th September 1897

From

H J BHABHA, ESQ
Inspector General of Education in Mysore,

To

The Secretary to the Government of Mysore,
General and Revenue Departments

SIR

I have the honour to submit, for the sanction of Government from the State Funds, a list of increases of monthly grants-in-aid required from 1st July 1897 No increases of monthly grants were provided in the budget for 1896-97 Ten of the schools now recommended for an increase of grant were inspected by me personally and the claims of the remaining schools have been carefully enquired into

No 5 in the general list

2 An increase of Rs 30 is recommended for the four London Mission Day Girls' Schools in Bangalore which together now receive a monthly grant of Rs 120 The four schools are in

Arlepete, Hozapete, Cubbonpete and Kumbar-
pete in Bangalore, and have on the roll
104, 103, 117 and 218 girls respectively They
are all Primary Schools According to the
annual returns of the schools the monthly
salaries disbursed in the four schools amount
to Rs 257 exclusive of the cost of super-
intendence, contingencies, prizes and other sundry
expenditure. The Lady Superintendent asks
for an increase of Rs 50 An increase of
Rs 30 may be sanctioned

3 At present a sum of Rs 1,000 a year is
provided as a grant in aid of the Industrial
School, Hassan. Lately at my suggestion
a number of the High School boys have
joined the carpentry class, and they work
there after 5 P.M during the hours of recreation
Some small scholarships for them are required,
and the expenditure on tools and timber
has increased From these reasons I recom-
mend that the annual grant may be in-
creased to Rs 1,200

4 The total annual increase in the existing monthly grants recommended is Rs 2,408

I have the honour to be,
Sir,
Your most obedient servant,
H. Krishna
